This is a fun event to do with your well-mannered dog! The ATT tests how a dog reacts to a variety of stimuli. Desirable traits are that the dog will be emotionally stable, inquisitive, cooperative, appropriately social for its breed, biddable and recovers from a startling situation in a reasonable amount of time. You will take your dog, on lead, through a variety of exercises. More info on the requirements of the test can be found at <http://www.akc.org/akctempstest/>
